Bridges' Transition Model - Change Management Tools From ... The model highlights the difference between change and transition. Change happens to people. Transition, on the other hand, is internal: it's what happens inside people's minds when they're presented with change. You can use the model to understand how people feel as you guide them through change. transition | Definition of transition in English by Oxford ... Definition of transition - the process or a period of changing from one state or condition to another. Phase transition - Wikipedia Phase transition. The term phase transition (or phase change) is most commonly used to describe transitions between solid, liquid and gaseous states of matter, and, in rare cases, plasma (physics). A phase of a thermodynamic system and the states of matter have uniform physical properties.
